

## Scantool 2000-38 - Guillotine Shear for Metal

Item Number: 00762560

SCANTOOL proudly presents their motorised shears in a new modern design.

The new shears are developed with focus on design, quality, functionality and ergonomics.

**Design:** New round shape with soft corners - timeless and modern  
**Quality:** Manufactured from the best materials and components - at our production in Poland.

**Functionality:** RTO patented feature which automatically direct cut pieces below 400mm of length out at the front to the operator.

**Ergonomics:** The cut-piece falls into a tray which is placed ergonomically correct for the operator and allows the operator to keep gloves on and remove the cut-piece without having to bend all the way to the floor.

**Service:** New developed knife gab adjustment for easy adjustment from the front of the shear when replacing knives.

### SCANTOOL shears are as standard equipped with:

- Return to operator feature
- Cut counter
- Manual back gauge with hand wheel and mm counter
- Mirror illumination of the cutting line by LED light
- Table extensions of 600 mm (2 pcs.)
- Squaring arm
- Rear light-guarding system
- Double eccentric drive on cutter bar
- Self-lubricating guide-ways
- Low knife angle and burr free cutting
- Rubber coated sheet hold-down
- Single or multi-cutting option for better efficiency
- Moveable foot pedal with emergency stop

### Optional equipment

- Motorised back gauge
- Sheet catcher/support
- Special blades for cutting stainless steel sheets
- Table extension and angle stop with millimetre gauge and tilt stop
- Adjustable angle stop with millimetre gauge and tilt stop.

## Product Specifications

Manual back gauge	✓
Capacity (mm)	2025x3,0
Cutting angle	1,38°
Cutting/min.	38
Machine height (mm)	1500
Machine length (mm)	2900
Machine width (mm)	2000
Motor (kW)	4,0
Net weight (kg)	1750
Sheet thickness steel (mm)	3,0
Working length (mm)	2025
